AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Madam:

This is in response to the Office Action mailed August 26, 2002, and having a period for response set to expire on November 26, 2002.

The following amendments and remarks are respectfully submitted. Reconsideration of the claims is respectfully requested.

IN THE CLAIMS:

Please AMEND and ADD to the claims in accordance with the following:

- CI DI
1. (TWICE AMENDED) A graphic editing apparatus, comprising:
a display unit displaying a graphic including a first object and a second object which are connected with each other using a first connector, where the first object, second object, and first connector are all displayed on a display screen; and
an interactive graphical editing unit responding to a third object having been interactively placed in a predetermined position in relation to the first connector after the first object, second object, and first connector have been displayed, by automatically creating and displaying a second connector for connecting the displayed first object and the third object and a third connector for connecting the displayed third object and the second object.
